

# CUSHY EASY SIMPLE

We'll be your favorite vendor.

Nothing should be easier than your plastic tubing  
Expert Customer Service — Exact Fit — 98% On-Time Delivery

Our customers tell us every day that we are their easiest vendor to work with. Our tubing is an exact fit and with an on-time delivery rate exceeding 98%, you know precisely when your order will arrive. We stock more than 3,000 sizes, colors and configurations and are happy to make any variations you might dream up. Our variations require no minimum order quantity so it's easy to build a coil, private label, create multi-tube bundles or whatever it is that you can imagine.

Freelin-Wade started in 1980 making tubing for the dental industry. Ever since then we've been making

tubing and hoses in polyurethane, PVC, nylon and polyethylene for countless applications and customers on every continent. We have a reputation for supporting our distributors with fierce loyalty and right now, we're looking to work with you.

If you are interested in becoming a distributor, call or e-mail:
