# Nylon Coiled Hose

Freelin-Wade's Nylon coiled tubing is tough and abrasion resistant. The hoses are fitted with durable brass male swivel compression fittings and spring guards that are preassembled on each hose end. Bulk hoses are offered in 100 foot lengths for users wanting to assemble their own hoses.

Our Nylon Twin Hose (pictured below) has all of the same features but with the added benefit of two hoses bonded together. An intermittent bond allows for easy fitting installation and eliminates taping or tie wrapping hoses together in twin line applications. One line is yellow and the second is a natural translucent color which allows for visual flow verification. Contact Customer Service for more information.

The difference between the Self-Storing Hose and the Mini Coils is that the Self-Storing Hose includes fittings.

Features

- Economical and lightweight.
- Self retracting.
- Resists oil, grease and corrosion.
- Pre-sealed threads on swivel fittings.

Specifications

Temperature Range
-60°F to +180°F

Vacuum Rating
To 28" Hg.

Diameter Tolerances
±.004"

Working Pressure
4:1 Safety Factor

Tube Markings
FW Specifications

Resin Compliance
Meets UL94HB Testing Requirements

Nylon Self-Storing Hose
