

Product Declaration: Polycyclic Aromatic Hydrocarbon Content

Product: 85A and 95A Polyurethane

January 23, 2009

Dear Valued Customer:

This letter is in regards to your request for information regarding the PUR85A and PUR95A product lines

Please be advised that based on the information available to us from our raw material suppliers, the products listed above do not contain, as intentional additives, any Polycyclic Aromatic Hydrocarbons (PAHs). To the best of our knowledge, none of these materials are generated during production.

Because we do not expect these materials to be present, we do not specifically run any analysis on our raw materials or end products to measure for these materials.

Please contact me if there is any additional information I may provide.

Sincerely,

Freelin-Wade Company

Chris Robinson
Plant Manager
